PROFESSIONAL SUMMARY

BCA student at Integral University with demonstrated expertise in full-stack development and problem-solving. Proficient in multiple programming languages and web technologies with a track record of delivering responsive, user-centric digital solutions. Passionate about clean code, scalable architecture, and continuous learning.

Seeking software engineering opportunities to contribute technical excellence and drive innovation at a product-focused organization.

TECHNICAL SKILLS

- **Programming Languages:** JavaScript, Python (Basic), Java, C (Basic)
- **Web Technologies:** HTML, CSS, JavaScript, React.js (Intermediate)
- **Databases:** SQL (Basic queries)
- **Tools & Platforms:** Git, Netlify, VS Code, Linux
- **Core Concepts:** Responsive Design, REST APIs, UI/UX basics

TECHNICAL PROJECTS

Portfolio Website

HTML, CSS, JavaScript

Live Demo: <https://portfoliowebsiteexample098.netlify.app/>

- Engineered a fully responsive personal portfolio website with mobile-first design principles, ensuring seamless user experience across all device sizes (mobile, tablet, desktop)
- Implemented interactive features including smooth scrolling, dynamic project filtering, and contact form validation using vanilla JavaScript
- Optimized load times and achieved cross-browser compatibility; deployed on Netlify with continuous integration
 - Demonstrated expertise in semantic HTML structure, CSS Grid/Flexbox layout systems, and modern web standards

Food Landing Website

HTML, CSS, JavaScript, UI/UX Design

Live Demo: <https://foodlanding123.netlify.app>

- Designed and developed a modern, conversion-optimized landing page showcasing food products with attractive visual hierarchy and compelling CTAs
- Built responsive navigation, image galleries, and customer testimonial sections using semantic HTML and advanced CSS techniques
- Integrated smooth animations and transitions to enhance user engagement and reduce bounce rates
 - Conducted usability testing and iterative improvements; achieved mobile responsiveness with 100% cross-device functionality
 - Applied UX best practices including color theory, typography, whitespace, and accessibility standards (WCAG compliance)

EDUCATION

- Bachelor of Computer Applications (BCA)

Expected: 2026

Integral University, Lucknow, Uttar Pradesh, India.

CGPA-9.2

- Intermediate (Higher Secondary)

April 2019

Rani Laxmi Bai Memorial School (R.L.B.)

CGPA-8.27

KEY STRENGTHS

- **Problem Solving:** Able to break down problems and build practical solutions in projects
- **Self-Learning:** Regularly learn new tools and technologies through practice and online resources
- **Frontend Development:** Focus on responsive design and clean UI implementation
- **Team Collaboration:** Worked on projects using Git and basic version control

- **Attention to Detail:** Careful in debugging and improving UI/UX
- **Adaptability:** Quick to learn and apply new technologies

ADDITIONAL ACHIEVEMENTS

- Developed and deployed responsive frontend projects using HTML, CSS, JavaScript, and React.js
- Built responsive web applications and hosted them on platforms like Netlify
- Built a university-level AI Resume Analyzer using Python (pdfplumber, Pandas, Scikit-learn, ReportLab) for resume parsing, data processing, and report generation.
- Gained hands-on experience in machine learning-based skill analysis and API/data handling
